

Dr Anthony Chambers **Clinical Consultant - Surgeon**

MBBS
BSc(Med)
MS
FRACS

Dr Anthony Chambers is a surgeon with subspecialty interest and training in breast and endocrine surgery, as well as trauma and military surgery.

He joined Sydney Breast Clinic as a clinical consultant in 2012. Anthony attained his degrees in medicine (1996) and postgraduate Master of Surgery (2001) from the University of New South Wales.

Following his fellowship of the Royal Australasian College of Surgeons, he completed two years of training in surgical oncology, breast surgery and endocrine surgery at the University of Calgary, Canada.

As an officer with the Australian army, Anthony has seen active duty service in East Timor, Iraq and Afghanistan.

He has published and presented widely.

He is actively involved in teaching and holds a position of Senior Lecturer in Surgery with St Vincent's Hospital and the University of New South Wales.
