

## **Louise Smalley** **Senior Sonographer**

Bachelor of Applied Science (Medical Radiation Technology) Diagnostic Radiography, Diploma of Medical Ultrasonography, Graduate Certificate in Health Science (Breast Imaging)

Louise is a breast sonographer and mammographer, she initially commenced breast imaging as a trainee radiographer at Bulli Hospital in 1980.

She then continued performing mammography in a large Sydney's private practice. Louise qualified as a sonographer in 1986 and then regularly performed breast ultrasound.

Louise developed a special interest in breast imaging and commenced employment at Sydney Breast Clinic in 1994.

Subsequently she has completed a graduate certificate in breast imaging. Since that time Louise has trained and supervised Sydney Breast Clinic staff in breast ultrasound and has been actively involved in quality assurance activities.

Louise is passionate about accurate clinical, mammography and ultrasound correlation.

She has regularly lectured on this topic at Sydney University and presented talks in breast ultrasound at local and national conferences.
